EDUCATION

- SOFTWARE ENGINEERING –**
 - ÉCOLE POLYTECHNIQUE DE SOUSSE (2019 – 2022)
 - Final Project:** Designed and developed an HR management software for ETC Tunisie, combining UX/UI design, 3D elements, and software development skills.
- COMPUTER SCIENCE – ISIG**
 - KAIROUAN (2016 – 2019)
 - Final Project:** Final Project: Designed and developed an HR management software for ETC Tunisie, combining UX/UI design, 3D elements, and software development skills.
- BAC MATH – DAR LAMEN HIGH**
 - SCHOOL, KAIROUAN (2015 – 2016)

CORE SKILLS

- 3D & VFX:** Blender 3D, HoudiniFX (learning), Embergen, Substance Painter, Acquiring.
- Motion & Post:** After Effects, DaVinci Resolve, Photoshop, Illustrator
- Specialties:** Product Visualization, CGI Commercials, Motion Graphics, VR-Ready Assets, Call-to-Action Video Creation
- Technical:** Software Engineering, Pipeline Optimization, Asset Optimization for VR/AR

LANGUAGES

- Arabic** – Native
- French** – Delf B2 Certificate
- English** – Fluent
- Deutsch** – Beginner

PROFIL

Driven Tunisian 3D Artist with a strong software engineering background, blending technical precision with creative vision to produce high-quality CGI, motion design, and product visualizations. Experienced in working with top brands, optimizing assets for VR/AR, and collaborating with multidisciplinary teams to deliver impactful visual content.

EXPÉRIENCES PROFESSIONNELLES

3D ARTIST – INNOV8 CREATIVE AGENCY

May 2024 - Present

- Produced **3D motion design** and **CGI videos** for high-profile marketing campaigns.
- Designed engaging **call-to-actions** combining 3D and 2D elements.
- Collaborated with graphic designers and production teams to ensure creative and technical excellence.
- Key Clients:** Samsung, LG Electronics, Délice Danone, Orange, UBCI Bank, Papillon, Kif Biscuit, Mall of Sfax & Sousse, Jouda, Danup, Danao, Eau Délice, Rose Blanche.
